PRESIDENT'S MESSAGE -

Once again we take the stage for our favorite audience and it seems a worthy effort to cap a most exciting barbershop year. As reigning International Champions the Thoroughbreds were graced with several opportunities to exhibit their 'Kentucky-Style Harmony' from Iowa to Mississippi and New Jersey to Missouri. Each and every performance being a pleasurable experience both for the chorus and the audience at hand.

With the development of tonight's Annual Show format we are once again endeavoring to entertain and still show the versatility and total family enjoyment that can be garnered through the barbershop sound and in our small way provide an answer to 'Ear Polution', we trust at the finale you will agree and want to thank you beforehand for being the loyal, steadfast patrons that you are.

Compliments

Armor takes you all the way.

From components to controls to cars to complete systems, Armor fills all your elevator needs. Because Armor now incorporates four of the most diversified companies in the industry this means more extensive manufacturing operations . . . broader engineering capabilities . . . better service.

One company — all facilities. And plants throughout the United States and Canada to bring all these facilities directly to you.

The new Yale G/T is better than any competitive gas truck made

Give us 10 minutes to prove it.

We'll show you enough specific facts and figures in 10 minutes to convince you that the Yale® G/T can beat any truck in the 2,000 to 3,000-lb. class. For example, we'll prove its superiority in:

- Power and speed—faster travel, quicker acceleration. Higher lifting speeds. More reserve power.
- Maneuverability—smaller overall dimensions, shorter turning radius.
- Transmissions—choice of 3. Straight clutch, exclusive fluid coupling, fully automatic.
- Construction—heavier frame, exclusive I-beam masts with roller channels.

THE ORIOLE FOUR

BALTIMORE,
MARYLAND

This veteran quartet of 12 years have entertained thousands from coast to coast and the provinces of Canada.

Their excellent presence and pleasant attitude has polished into an exceptional audience appeal and converts every listener into a dedicated 'Oriole fan'. With the ultimate in titles finally achieved at Atlantic City, N.J., in June of 1970 they now look forward to many successful years of Championship Quarteting.

THE CITATIONS

LOUISVILLE,
KENTUCKY

(Left to Right) Bob Netherton, Tenor; Jim Miller, Lead; Bill Myers, Bass; Ken Buckner, Baritone.

Long known as local favorites this fine blend of harmony are now very popular across the states. In Atlantic City they sang their way into the Top Ten Quartets of the nation and are presently busy at their craft on stages from Massachusetts to California. The greatest thrill they have experienced is the very next show they are scheduled on, and that is the spirit and enthusiasm that this foursome generates to each and every member of the audience.

**WE SING
THAT THEY SHALL SPEAK**

The Institute of Logopedics
International Service Project of
The Society for the Preservation and Encouragement
Of Barber Shop Quartet Singing in America, Inc.

Barbershop Harmony has a new ring these days — one with a deep and joyous purpose to it. For Barbershoppers are willingly lending heart and voice that silent children throughout the world may be given speech. S.P.E.B.S.Q.S.A. is proud indeed of its International Service Project, the Institute of Logopedics in Wichita, Kansas.

In every community there are men who love to use their God-given talents to sing. In every community too, there are silent children who cannot express even the simplest song or thought imprisoned in their hearts. They look to the Barbershoppers for escape from their lonely prisons of silence. We are humbly grateful that God has granted use the privilege and talent to sing — *that they shall speak*.

Communication, as every Barbershopper knows, is mankind's most vital tool. As a pioneer in the field, the Institute has brought speech to more than 30,000 persons throughout the world; and has become the largest residential habilitative center. Today more than 3 children per day are restored to their communities to take their rightful places as speaking members of society.

But countless thousands still plead mutely for our help . . . your help. We cannot — nor do we wish to — ignore their unspoken appeals.

Without speech a human's world is dark and his potential unknown.

No one ever dies from a speech disorder. But, for millions existing in silence, it can be a living death.

To meet the needs of the speechless, Dr. Martin F. Palmer, Founder of the Institute, developed an integrated three-fold program consisting of the finest possible clinical services for all communicative problems; expert professional education for logopedists; and an excellent and on-going research organization.

S.P.E.B.S.Q.S.A.'s Service Project, the Institute of Logopedics, overlooks no facet of a child's development in his quest for communication. Our pride in our project, this great facility for the speechless, knows no bounds, and our gratitude at having a part in its future is inspiring.

As we sing, we hear in our hearts a chorus of voices once silent who are joining us in song . . . they are the 30,000 who found speech at the Institute of Logopedics which we proudly claim as our own.

But we are mindful also of the millions who silently look to us — and to YOU — for their birthright — *Speech*.
